UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460-0001

OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

June 26, 2012

Michelle Rudnick
CRC Industries, Inc.
885 Louis Dr.
Warminster, PA 18974

Subject: Amended Reregistration Label
Product Name: CRC Wasp & Hornet Killer Plus
EPA Registration Number: 55809-3
EPA Decision Numbers: 436071 and 427149

Dear Ms. Rudnick:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the tetramethrin and phenothrin REDs, and has concluded that your submission is acceptable.

NOTE: This product is **not** being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded:

- Basic CSF, dated 5/31/11

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped

after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Jennifer Urbanski at 703-347-0156 or urbanski.jennifer@epa.gov.

Sincerely,

Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7504P)

*Enclosures: Label stamped "Accepted," dated 6/26/12
Acute Toxicity Review, dated 3/17/11

Dielectric Strength 47.6 Kv

FIRST AID

If swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes.

If in eyes: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Hotline Number: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-222-1222, twenty-four (24) hours per day, seven (7) days per week.**

Note to Physician: Contains petroleum distillate – vomiting may cause aspiration pneumonia.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS – CAUTION: Contains petroleum distillates.

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin and or clothing. Do not breathe vapors or spray mist. Wash hands thoroughly with plenty of soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present, or to inter-tidal areas below the mean highwater mark. Drift and run-off may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when cleaning equipment or disposing of equipment washwater or rinsate. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

PHYSICAL OR CHEMICAL HAZARDS: **Combustible.** Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130°F may cause bursting.

DIRECTIONS FOR USE

Read entire label before using this product. It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

- Apply this product only as specified on this label.
- This product is intended for outdoor use only.
- Do not apply this product directly to pets (companion animals).
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Only protected handlers may be in the treated area during application.
- Do not apply when food is present. Cover or thoroughly wash before use all food surfaces and utensils.
- Do not apply directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Do not apply when windy.
- Do not make applications during rain.
- Do not water the treated area to the point of runoff.
- Applications outdoors are limited to spot treatments or crack and crevice treatments, except for: (1) Treatment to soil or vegetation around structures; and (2) Applications to building foundations, up to a maximum height of 3 feet.
- Remove pets, birds and cover fish aquariums before application.

WASPS AND HORNETS: Hold container in upright position to spray. Stand safe distance (6-12 feet) from nest and not directly underneath. Align actuation opening at nest with wind at your back. Spray until nest is thoroughly wet. Hit wasps and hornets on nest when possible. Best time to spray is early morning or in evening since wasps and hornets congregate on or in nest at night. Avoid spraying plant foliage as injury may occur. For outdoor use only. Not a space spray. To prevent dying insects from falling on skin and clothing, do not stand directly under nest being sprayed.

BLACK WIDOW SPIDERS: Spray directly on spiders and web.

SCORPIONS: Spray directly on insects.

FIRE ANTS: Spray directly on ants and mounds.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: STORE IN A COOL DRY AREA, away from heat or open flame.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Handling: Do not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container. **If empty:** This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the container by using the product according to the label directions. If recycling is not available, place in trash. **If partly filled:** Call your local solid waste agency for disposal instructions.

- Remove pets, birds and cover fish aquariums before application.

To kill Fire Ants in their mounds: DO NOT DISTURB MOUND PRIOR TO TREATMENT. Attach injector rod to can by threading the rod onto the spray nozzle. Slowly drive rod into the mound while spraying and continue until reaching the bottom of the nest. Spray at a rate of 5-10 seconds per injection. Inject the mound 3-6 places depending on the size of the mound. Space injection sites in a circular pattern on the mound surface with one site in the center. For best results, treatment should be made in early morning or late evening when ants are least active.

To kill Fire Ants on the surface: Without using the injector rod sweep surface with spray from a distance of 18 inches. Do not apply when windy.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: STORE IN A COOL DRY AREA, away from heat or open flame.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Optional Label Claims

Claims specific to Sublabel A:

- Wasps, Hornets, Black Widow Spiders, Fire Ants & Scorpions

Claims specific to Sublabel B:

- Fire Ant Killer

General claims:

- Kills on contact (from 20 feet away)
- No CFCs
- Contains No CFCs which deplete the ozone layer
- MSDS Label™
- To view M.S.D.S.: Tear (DO NOT CUT) label by running a fingernail down between perforations. Fold back label. After viewing, reattach label. Do not remove until can is empty.
- No CFCs (logo); CONTAINS NO CFCS WHICH DEplete THE OZONE LAYER
- Made in U.S.A.
- UPC Code
